# Hunter 376 - 1996 "Cockney Rebel"

The Hunter 376 offers the perfect combination of cruising comfort and sailing performance. She has been designed for easy solo sailing while providing room above and below decks for an entire crew. Features include: Air / Heat, electric halyard winch, Dutchman full-bearing mast system, electric windlass, autopilot and more.

### **Accommodations and Layout**

The Hunter 376 offers a tremendous combination of sailing ability and livability. Above decks features include: large cockpit with helm console, walk-thru transom with swim platform, stern rail seats, cockpit table, all lines led aft to coach roof sheet stoppers, easily traveled side decks, anchor well with electric anchor windlass, bow roller with double anchor rollers. Below decks the 376 offers pure comfort and live-ability. The unique Hunter "windshield" provides an open, airy feel to the generous salon, "U" Shaped starboard settee with large dinning table that converts to a double berth, long port settee with hide-away cocktail table, full navigation station with stool, Large, private v berth with vanity, full cruising galley with loads of storage, marine head with separate shower stall and an enormous aft cabin with private entrance to head and true double athwart ships berth.

Combining it all provides a well thought out cruiser with club racing speed. Perfect for the bay get-a-way or for cruising the islands.
